

I Have Who Has?

Place value at the Beach

Directions: There are three sets of 12 cards each. These are best used after students have a basic understanding of the place value involved in each set. Mix the cards and hand them out; students can work in teams if you want everyone participating. The student with the “start” card reads first.

CCSS 1.NBT.B.2

CCSS 2.NBT.A.1

CCSS 3.NBT.A.1

CCSS 4.NBT.A.2

Mix the cards and hand them; students can work in teams if you want everyone participating. The student with the “start” card reads first.
